Fakultas Teknik

S1 – Informatika

Fokus Studi : Artificial Intelligence

1. Artificial Intelligence
2. Cyber & Network Security
3. Advanced Cloud & Mobile Computing
4. Programming, Database, Networking

Prospek karir lulusan:
AI Engineer, Software Developer,
Data Analyst, Technopreneur

S1 – Sistem Informasi

Fokus Studi : Data Science

1. Data Science, Analysis, Engineering
2. System Analysis
5. Web Analysis & Development
7. Business Intelligence Analysis

Prospek karir lulusan:
System & Data Analyst, IT Consultant,
Information System Auditor

S1 – Rekayasa Komputer

Fokus Studi : Internet of Things & Robotics

1. Internet of Things Engineering
2. Robotic Development
3. Network Security Analysis & Administration
4. Cloud Computing & Technology Architecture

Prospek karir lulusan:
IoT Engineer, Robotic Engineer, Network Engineer,
Machine Learning Engineer

Industrial Collaboration

Internationalization

Digitalization

Edupreneurship

Nationality & Leadership
